PELCO

Discover the power of integrated security.

by **Schneider** Electric

> Table of contents

As the global leader in the design and development of video and security systems, Pelco™ by Schneider Electric™ produces an unmatched array of IP cameras, HD displays, and network video management systems. From end-to-end HD systems to open and integrated solutions, Pelco has an IP video solution to suit your application.

Cameras

Analog PTZ cameras	4 - 6
Network thermal imaging cameras	8, 9
Network box cameras	10
Network indoor dome cameras	11, 12
Network rugged dome cameras	13

Viewing solutions

LCD monitors	14

Video management solutions

Digital video recorders	16
Hybrid video recorders	17
IP video management solutions	18, 19
Software-only VMS solution	18
Network video encoders	19

Features and specifications subject to change without notice.
For the most current version of this guide, please visit www.pelco.com

Because customers demand flexibility, all Pelco by Schneider Electric IP video products are designed with open and integrated solutions in mind.

Network box cameras

Sarix utilizes a groundbreaking technology platform built upon the three pillars of innovative imaging: science, sophisticated industrial design, and advanced processing power. Available across a complete family of fixed box and dome cameras, Sarix technology maximizes the benefits of megapixel performance with industry-leading features and capabilities.

SureVision

SureVision – The New Era of Image Quality

SureVision™ is a state-of-the-art imaging science that combines wide dynamic range, low light, and anti-bloom capabilities into one highly intelligent technology. The result is a camera that handles light nearly as well as the human eye – automatically adjusting to deliver exceptional detail and the best possible image in the most challenging lighting conditions. Available in Sarix IX Series IP cameras and Sarix IM Series mini domes, SureVision sets a new standard for image quality, with incredible flexibility to integrate SureVision into any installation. Bright light, low light, or intense shining light, SureVision can handle it all... automatically, simultaneously.

Network indoor dome cameras

Compact, powerful, and surprisingly affordable, the IM Series packs the most popular features and functionality of Sarix technology into a discreet and value-driven indoor dome enclosure. The new IM-V Series vandal-resistant domes are ideal for corrections facilities, schools, or any location where video security equipment could be at risk.

Network rugged dome cameras

The Sarix IE Series outdoor network fixed dome camera is the industry's most innovative, easy-to-install, and high-performance all-weather IP-based imaging solution. The new vandal-resistant IM-E Series environmental fixed mini domes bring the power of Sarix to a compact, affordable dome that is tough enough to handle any weather condition.

When it comes to video management systems, one size doesn't fit all.

> DX Series

Affordable and efficient DVR and hybrid video management

> Digital Sentry

Flexible IP video management system for mainstream security

> Endura

IP video management system for mission-critical surveillance

Digital video recorders

DX Series DVRs are the ideal choice for affordable, efficient entry into full-featured video storage management. With support for 4 to 16 analog cameras, 120 to 480 IPS, and storage from 250 GB to 8 TB, these systems are designed for easy use out of the box. Customers can connect Pelco DVRs and HVRs by using DS Control Point or the new DX Series Client.

* The database limitation for DSNVs is 128 cameras. The actual number of camera supported depends on recording settings, client connections, and bandwidth capacity.

Software-only VMS solution

This software-only solution is ideal when the preference is for corporate hardware, maximizing existing purchase, and support agreements. Support for ONVIF and a wide range of third-party IP cameras and encoders make Digital Sentry a flexible VMS solution for mainstream security applications.
